

NORTHEAST HOMELAND SECURITY REGIONAL ADVISORY COUNCIL

NERAC CACHE FEE EXPLANATION

The nominal fees associated with the equipment found at the NERAC Cache Sites have been approved by the Executive Office of Public Safety and Security.

The fee formula is 0.1% of the original cost of the item. The resulting fees for equipment found at the NERAC Cache Sites are substantially lower than the daily fees identified for similar equipment in the FEMA Schedule of Equipment Rates.

It is not NERAC's intent for full replacement costs for cache equipment to be achieved through this cache fee structure. Fee funds will be used for routine equipment inspection and maintenance efforts for cache equipment including the replacement of light bulbs, oil changes, weather-related tasks, and other related maintenance efforts.
