

Law Enforcement Prevention and Deterrence of Terrorist Acts (AWR-122)

This course trains law enforcement personnel on actions they can take to prevent, deter and respond to terrorist acts. The law enforcement officer is part of the front line defense in preventing and deterring WMD terrorist incidents where the release of WMD agents is likely to occur because of criminal actions. The nature of law enforcement officers' daily work environment provides them with an enhanced understanding of the community not shared by the public. This heightened community awareness provides law enforcement officers with a unique opportunity to prevent or deter potential WMD terrorist incidents.
